Summary

Results-driven and detail-oriented professional with experience providing exceptional customer support in a U.S. healthcare provider services environment, specializing in benefits and eligibility verification, claims resolution, issue investigation, documentation, and escalated case management. Skilled in administrative support, calendar and email management, data entry, document organization, Microsoft Office, Google Workspace, Canva, Adobe Photoshop, and a wide range of digital collaboration tools. Proficient in leveraging AI tools such as ChatGPT to streamline workflows, improve productivity, and automate repetitive tasks while maintaining accuracy and efficiency. Backed by a strong technical foundation in Computer Science, I quickly adapt to new software, handle confidential information with professionalism, and consistently deliver organized, reliable, and high-quality support with minimal supervision.

Education

Partido State University

Bachelor of Science in Computer Science • Goa, Camarines Sur

Experience

Concentrix CVG, Philippines Inc.

Customer Service Representative • Naga City, Camarines Sur

11/2024 - 08/2026

1. Provided professional support to healthcare providers for benefits and eligibility verification, claims inquiries, issue investigation, and resolution while maintaining high standards of customer service.
2. Researched and resolved complex provider concerns by analyzing account information, claim details, and policy guidelines to ensure accurate and timely resolutions.
3. Managed confidential healthcare information in compliance with privacy and security standards while maintaining exceptional accuracy and attention to detail.
4. Documented customer interactions, case updates, and resolutions thoroughly to ensure complete and accurate records.
5. Handled escalated inquiries with professionalism, strong problem-solving skills, and effective communication to achieve positive outcomes.
6. Prioritized multiple tasks and managed a high volume of interactions in a fast-paced environment while consistently meeting productivity and quality expectations.

7. Collaborated with internal departments to resolve provider issues efficiently and improve the overall customer experience.
 8. Utilized various computer applications and internal systems to research information, process requests, and maintain accurate documentation.
 9. Demonstrated strong organizational, multitasking, and time management skills while working independently and adapting to changing priorities.
 10. Built trust with providers by delivering clear communication, accurate information, and timely follow-up, contributing to high customer satisfaction.
